

## **SC6.10 Parking rates planning scheme policy**

### **SC6.10.1 Introduction**

Short Title – The planning scheme policy (PSP) may be cited as the Parking rates PSP.

#### **SC6.10.1.1 Purpose**

The purpose of the planning scheme policy is to:

- (1) define the particular rates of parking that provide the relevant acceptable outcome under the Transport impact, access and parking code in the Townsville City Plan.

#### **SC6.10.1.2 Legislative authority**

This planning scheme policy is made under Chapter 3, Part 4, Division 2, and Chapter 3, Part 5 of the [Sustainable Planning Act 2009](#).

#### **SC6.10.1.3 Relationship to the Townsville City Plan**

This planning scheme policy is to be read in conjunction with the assessment provisions specified in the Townsville City Plan, specifically the Transport impact, access and parking code.

#### **SC6.10.1.4 Terminology**

Terms used in this planning scheme policy are defined in [Schedule 1 - Definitions](#). A term which is not defined in Schedule 1 - Definitions is to be interpreted in accordance with Part 1.3.1 - Definitions.

#### **SC6.10.2.1 Planning scheme policy content -parking rates**

- (1) Parking rates are provided on site in accordance with the following uses or combination of uses.
- (2) Where the number of parking spaces calculated in accordance with this table is not a whole number, then the minimum number of spaces to be provided is to be rounded upward to the closest whole number.
- (3) The number of car parking spaces required for people with a disability is to be in accordance with Table D3.5 of the Building Code of Australia. There is no requirement to designate car parking spaces for people with a disability where the total number of car parking spaces required is five (5) or less.

<b>Use</b>	<b>Parking rates</b>
